Geboortedatum: 2015  
Schofthoogte:  
Niveau:  
Stamboek: KWPN  
Kleur: Grey  
Fokker: W. Vissers – Gemert

Kentucky is a beautiful stallion! He has a very interesting pedigree. Let's start with his dam; Melodie VIII originates from the prestigious Holstein dam-line 776. The stallion [Lordanos](#) (by [Landos](#)) also comes from this dam-line. It guarantees sport horses that are willing to work. This grey mare is the dam of the Mecklenburg-Vorpommern, Hannover- and Oldenburg approved jumping stallion [Levisonn](#) (by [Levisto Z](#)). He is now competing at 1.30m-level with Gerd Sosath's daughter Janne.

[Narwan](#), Melodie VIII's dam, produced no less than 10 offspring including the Oldenburg and Holstein approved stallion [Rouletto](#) (by [Romino](#)) and the 1.40m-level jumper [Carwan](#) (v. [Caletto I](#)).

Kentucky's sire [Toulon](#) performed on the highest level with three different riders (Belgian championships, world cups en GCT). His offspring is praised worldwide, because of his extraordinary quality and his character. Many children are actively competing on international level, and they are remarkable winners in the Grand Prix, like [Toulago](#), Living the dream, Banjan, Toulouse, Athene and many more. Toulon has given over 20 approved sons like [Etoulon](#), [F-One USA](#) and Dieu-Merci.
