Maserati is a son of our breeding mare [Affection](#). We are very happy with this mare because she gives off talented offspring almost every year. For example the 1.45m horse Copacabana (by Cartani) who is currently doing good business in Italy with his rider Roberto Turchetto. But the 1.55m horse Classic Addiction is also a half-brother of Maserati. With his rider Guillaume Batillat he became 4th in Montpellier at the beginning of 2019.

We have combined this successful mare with the phenomenon; [Cornet Obolensky](#). The stallion who actually needs no explanation. Never before has a stallion been so successful. From the first crop sons of Cornet Obolensky, the top stallions Cristallo I (1.60m jump with Henrik von Eckermann), Cornado NRW (1.60m jump with Marcus Ehning) and Conte Bellini (the discovery of the World Cup Final in Gothenburg in 2013 among the Let Kristaps Neretieks approved. The phenomenal crack Cornet d'Amour by Daniel Deusser also comes from the first volume of Cornet Obolensky.
