Tres Bien really lives up to her name when it comes to her pedigree. It is excellent. One of the strong parts of her pedigree is definitely her dam [Gera VII](#) (by [Leonid](#)). No less than two of her four offspring jump at 1.60m-level. [Catwalk](#) (by [Caretino](#)), that was born in '97, was successful at 1.60m-level under Christian Ahlmann (GER). Another half-brother of Tres Bien that jumps 1.60m fences easily is [Caretello](#) (by [Caretino](#)) ridden by Caroline Muller (GER).

Holsteiner stallion 18B1 has a splendid reputation of strong damlines for a reason. [Cordelia](#), the grand dam of Tres Bien, gave the stallion [Quality](#) (by [Quinar](#)) that was approved by no less than four studbooks and jumped at 1.50m-level.
