When talking about breeding products produced by Stoeterij Vissers, Iceman is the perfect example. Besides dam [Tiffany XIII](#) (by [Lancer II](#)), sire [Casacor](#) (by [Casall](#)) was also bred by Stoeterij Vissers.

Iceman is a descendant from the Holsteiner dam-line 579. A dam-line that guarantees top-quality show jumpers. Dam-line 579 produced amongst others, the stallions [Cagancho](#) (by [Calido I](#)), [Cassini Royal](#) (by [Cassini I](#)) and the 1.50m-level jumping stallion Contagio (by Colman) with Lars Nieberg.

The Casall x Coronado-son Casacor was Holstein champion of the four-year-olds in 2012. Zangersheide also approved Casacor. His sire gave him all the right genes Casall is seen as the new foundation stallion of the Holsteiner Verband. Under Rolf-Göran Bengtsson he is one of the best jumpers of his generation. Casacor received a 9.33 in his 70-day-test for his jumping ability. Simultaneously, his offspring make him a very beloved stud stallion.

Iceman is partly owned by [Verhagen Horse Service](#).
